

Compact Design (2" inch All-in-One device)

WIP-DS247iII

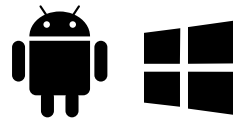

It is smaller and lighter than existing PDA products, and is optimized for use in environments where there is a lot of movement and fast processing.

In addition, with the support of 'Printer, IC & MSR, Scanner, it is possible to build mobile POS at low cost in sales management (SFA), restaurant, mart, convenience store.

Specification

Item	Specification
Printing	Direct thermal printing
Print width	2-inch (48mm, 384dots)
Resolution	203dpi, 8dots/mm
Character size	Font Size A : 12X24 / Font Size B : 9X24 Font Size C : 8X16 KOR : 24X24(16X24) / CHN, JPN : 24X24
Characters per line	- Font A, B, C : 48 / 64 / 72cpl - KOR, CHN, JPN : 16cpl
Optional Characters	Alphanumeric : 95, Extended Graphics : 128X50 pages, International : 10, Simplified/Traditional Chinese, Japanese, Korean)"
Printing speed	80 mm/sec (MAX)
Dimensions (WxDxH)	80 x 205 x 73.8 mm
Interface	Bluetooth V4.1 Latest, USB
Paper supplied	Thermal roll paper (57mm wide,30φ)
Barcode	1-dimension : UPC-A, UPC-E, EAN-8, EAN-13, CODE-39, CODE-93, CODE-128, ITF, CODABAR 2-dimension : PDF417, Micro PDF417, Truncated PDF417, QR-CODE, DATA Matrix, Maxicode, Aztec Etc : GS1 databar
H/W Spec.	MCU : RX-32bit, RAM : 128M bit, FLASH : 64M bit
Receive buffer size	1M bytes
Operating temperature	-10°C~50°C
Storage temperature	-10°C~70°C
